His financial troubles were still further omplicated by the charity work he has been constantly doing among the poor. He has felt it his duty to respond to all calls. Even if the patient showed no disposition to pay, Dr. Parker continued his visits, frequently furnishing the sick persons with medicine and all necessary food and nura-

pressing creditors. Recently, however, large sums have become due, which he was unable to meet. Seeing no other way out of his difficulty. Dr. Parker decided upon the assignment which he made yesterday, the only preferred creditor being his mother, Mrs. Mary A. Parker, of New Canaan, Conn., to whom \$9.000 is due. Howard Van Sinderen. Dr. Parker's attorney, said yesterday. "The failure is due to my client's generosity. He loaned money to friends whenever they asked it. If these debts were repaid Dr. Parker would have no causes for worry. As it is, he saw no honorable way out of his difficulty other than an assignment. It is impossible to make any exact statement as to his liabilities, as he kept no books, and his debts will only become fully known when the notes he has given mature and are sent in for payment. Eventually he will pay all claims in full."
